INDIVIDUAL CONFIGURATION FOR YOUR VEHICLE

You haven't found a specific roof rack kit for your vehicle by using the configurator in our online shop? No problem!

To create an individual solution for your vehicle, we need the following information from you:

- **Year of manufacture, make, model**
- **Pictures of the vehicle roof**
(side, top view, detailed view of rain gutter/roof railing - if available with centimetre measurement)
- **Dimensions of the roof**
(length x width)

Please send us your collected information by email:
